REILLY'S CROWD GO TO SPOKANE.

Where the League Season Opens On Wednesday-Ogden To Boise.

YESTERBAYS BALL CAME.

Smelter Team the First Amateur Organization to Score a Rua Against The Salt Lake Busch.

Big Chief Reilly and his band of Indians left Salt Lake today for Spokane where they go to give battle to Williams' crowd on Wednesday. This will be the first cague game of the season for the Salt Laker's and they are confident of taking majority of the games.

The team is in excellent condition, thanks to Reilly. He has made the boys go some during the last 19 days, and the

co some during the last 10 days, and the many games with amateur teams has erved to put the men in the shape. Not much has been heard from Spokane, but what little information has been sent town is to the effect that Williams has a ast bunch of ball tossers. In fact, it is believed in Spokane that the fight for he pennant will be between Sait Lake and Spokane.

The Ogden team is rounding into fine ettle, and will be abje to give the Babies t Boise plenty to do on Wednesday. Ognon opens the season at Boise, the latter ity and Spokane have been making great reparations for the opening of the season and the visiting teams will be given warm reception upon their arrival.

The season does not open here until the bith of May, when the old time rivals, gden and Sait Lake, will clash in the rist series for this city. Before going telly said he expected his team to put own most of the games played while way. He said the team is improving all he time, and would be in grand snape then it returned and began to fight with gden. It looks now like the old-time ivalry between the two cities, in matters ertaining to baseball, will be revived. he fans hope so because it means good all. ans hope so because it means good

YESTERDAY AFTERNOON'S GAME.

The Salt Lake team and the Smeiter nine clashed at Walker's yesterday afternine clashed presence of more than 1.00 lans. Of course Reilly's Indians won, won in a walk, but the Smelter team is the nirst to score against the local crowd, and that score was more the result of an accident than anything else, and it happened in the ninth inning.

Anderson, the first man to bat, struck out, but the ball got away from Leahy owing to the speed of one Tozer who of shelated on the slab for Salt Lake, Anderson got to first. Ames hit to Reilly, who threw to second to catch Anderson, but Darby dropped the ball and he runner was safe. He then stole third and came home on a slow hit by Suess.

With this exception, everything belonged to the Indians. They made 23 runs and 5 bits. The Smelterites got one run, and 7 care had 'em so badly rattled that they got the tree scratchy hits. Features of the game were the base stealing of Thornton, who purloined five bases, and he great throw of "Dottch" Muller from eft who caught a fly and nailed a man even was off first.

Following is the detailed score:

Cleaveland Commission team furnished much amusement and practise for "Dad" Gimlin's bunch of diamond warriors. They shut out the crack amateur crowd, at the same time making 11 runs.

It is estimated that more than 1.00 fans saw the game and they were greatly pleased with the splendid showing made by the Ogden nine, Gimlin's men played almost perfect ball, and there was some really brilliant fielding. Only one error was tallied against them, and that was the result of an accident in the ninth inning. This shows that Ogden has a pretty good team, and will be in the running when the big league series opens next Wednesday.

Hall did the twirling for the Cleaveland crowd, and held the Ogden bunch down to six hits.

to six hits.

Hastings was in the box for Ogden and for five innings he allowed neither hit or run. Hoon then took his place and gave two passes. Smith made the first hit for the amateurs in the seventh. One more was made after that. Castleton finished the game for Ogden, striking out three men. The score follows:

WEST SIDERS WON. •

High School Track Meet Resulted Disastrously for East Siders.

The track and field meet Saturday af rnoon between the East and West Side High School teams resulted rather dis astrously for the East Siders, the final score being 76 to 6 in favor of the West Siders. This is about the most one-sided score in the history of track events here, and the reason for it is plain. The winners compose a strong team while the other aggregation is lamentably weak.

The meet demonstrated that oguen and Park City will have to work mighty hard to hold the Sait Lake team down in the coming state high school meet, for the team is stronger than ever this year.

Richmond and Judson were about the whole show for the West Siners. With apparent ease they took the 220-yard dusn. Judson took the 100-yard event, and beat his opponent with but life trouble in the shot put. Richmond won the broad and high jump and the 220-yard hurdles.

For the East Siders kidder and Kimball were the best men. The former won second in the broad jump, and the latter got second in the shot put. There is now some talk of a meet between the winners and the University Preps.

Following is the summary of events; 220-yard dash—Judson first, Richmond second, both from the West Side. Time—1261-5.

irtists are in receipt of a letter from A.

Of the Rockford Morning Star.

"About seven years ago I ceased drinking coffee to give your Postum trial.
"I had suffered acutely from various orms of indigestion and my stomach had become so disordered as to repel dimost every sort of substantial food. My general health was bad. At close intervals I would suffer severe attacks which confined me in bed for a week or more. Soon after changing from coffee to Postum the indigestion abat-

ed, and in a short time ceased entirely. I have continued the daily use of your excellent Food Coffee and assure you most cordially that I am indebted to you for the relief it has brought me. "Wishing you a continued success, In Yours very truly,
J. Stanley Browne,

Managing Editor."

Of course, when a man's health shows he can stand coffee without trouble, let him drink it, but most highly organized orain-workers simply cannot.

The drugs natural to the coffee berry affect the stomach and other organ and thence to the complex nervous system, throwing it out of balance and producing disorders in various parts of the body. Keep up this daily poison-

the body. Keep up this daily poisoning and serious disease is sure to supervene. So when man or woman finds that coffee is a smooth but deadly enemy and health is of any value at all, there is but one road—quit.

It is easy to find out if coffee be the cause of the troubles, for if left off in days and Postum be used in its place and the sick and diseased conditions begin to disappear, the proof is unanswerable.

werable.

Postum is not good if made by short boiling. It must be boiled full 15 minutes when the crisp coffee flavor and the food elements are brought out of the grains and the beverage is ready to

The many bowlers who have invested thousands of dollars in weighted balls will now be compelled to throw them aside and purchase balls weighing within the prescribed limit of sixteen pounces while alley owners must go to a heavy expense to equip their alleys with flugutters.

while alley owners must go to a heavy expense to equip their alleys with flat gutters.

Another and very important reason that should apeal to western bowlers, is the matter of expense which must be met in sending representatives to a tournament that is always held in some far eastern city. The wostern teams that attended the last tournament were compelled to meet an expense of from \$1,000 to \$1.20 per team, and with New York controlling the destines of the national organization there is no reason to expect that any city west of Chicago will be selected for holding a tournament for years to come. This fact alone will bar the majority of western bowlers from competing in a national tournament.

Secretury Karpf says that the A. B. C. has always used the bowlers of the westright, but I deny that such is the fact, and it is only necessary to glance at the schedule of the recent tournament held in Milwankee to prove that I amright. Mr. Karpf also states in a widely published interview, that western howlers want to organize, but don't know how to go about it, leaving the general public to infer that ignorance is a prevailing characteristic among western bowlers.

Will the west remain passive and submit to such insults, and permit New York to dictate the policies that shall govern them, or shall we assert our independence by breaking away from the dictatorial influence of the eastern metropolis? This is the question that new York to dictate the policies that shall govern them, or shall we assert our independence by breaking away from the dictatorial influence of the eastern metropolis? This is the question that new York to dictate the policies that shall govern them, or shall we assert our independence by breaking away from the dictatorial influence of the eastern metropolis? This is the question that never get to doing business for ourselves the better off we will be. A call will be issued in the near future for a meeting at Salt Lake, Butte or Spokkane for the purpose of organizing a western league and adopting rule

in for alloption.

An expression from you at your earliist convenience is very much desired.
